

Welcome to Marigold Library System

Information for Residents of *Rocky View* Municipal District

Your council has signed an agreement with Marigold Library System to provide library service to its residents.

How do I get access to library service?

First you need a library card. Marigold's library card is called the TRAC/TAL card.

Where do I go to get my library card?

You have 2 choices:

Cardholders have access to all Marigold services.

1. Walk into any Marigold member library and register for your card (local library card fees apply). For information about open hours and library card fees in Marigold member libraries visit <http://www.marigold.ab.ca/about/libraries.html>
2. Register for PBM (paperbacks-by-mail) through Marigold headquarters. This service is for people who live far from a member library. You can print the registration form on the next page—each family member should have their own card. Fax your registration to **403-934-5331** or mail it to Marigold Library System, 710 – 2nd Street, Strathmore AB T1P 1K4
You can also call **1-800-332-1077** or email pbm@marigold.ab.ca to register for this service.
Once you register for PBM, your library card will be mailed to you.

Note: Crossfield (although in Rocky View MD) does not participate in Marigold Library System. If you live in this community you are not eligible for a TRAC/TAL library card.

Do I still have to pay a non-resident fee when I register for my library card?

No — Because Rocky View MD has joined Marigold, MD residents no longer have to pay the annual non-resident fee of \$70 to join a Marigold member library.

Can I use my card in other libraries in Alberta?

Yes — with your card you can visit most public, university, college and government libraries anywhere in Alberta and borrow books right off the shelf. Some restrictions apply. Find a list of participating libraries by clicking on "services" then "TAL card" at www.thealbertalibrary.ab.ca

Use your library card online from home, work or anywhere else at www.marigold.ab.ca

→ access e-resources

→ place a hold or renew borrowed items—our catalogue (TRACpac) has nearly 3 million items
