

January 2015

**Marigold Library System has renewed the Audio Cine Annual Public Performance Copyright Site License for member libraries. The license covers the period January 1 – December 31, 2015.**

### Audio Ciné License Information

#### **What is allowed:**

- The non-profit presentation of legally bought, rented, or borrowed films available to the general public.
- The presentation/viewing of films covered by the license; this can include a “movie day” program for kids, to the playing of a movie in the library space whether or not it is part of a program.
- To find out if a movie is covered by the Audio Ciné license, visit this link:  
<http://www.acf-film.com/en/index.php>

#### **The license comes with some restrictions:**

- A library cannot advertise a presentation/film by commercial means such as radio, television, newspaper or Internet. Listing on the library’s website is acceptable.
- A library cannot charge admission for the movie (although it can charge for other things/incidentals, such as popcorn etc.). The license only covers ‘non-profit’ screenings.

#### **As well, there are some compliance requirements:**

- Marigold Library System must file a license report to Audio Ciné every 3 months of the films shown by member libraries. It is important that member libraries report their Audio Ciné statistics monthly to Marigold, even if the number of movies shown is “0”. This can be done by e-mail or by phone.
- ALL movie showings must be reported – whether they are played in the background, or as part of a program.
