## ERESOURCE GLOSSARY

**Full text** - the whole article has been stored within the database (eResource), and you can retrieve it and print or e-mail the whole article.

**Bibliographic reference** - title, author, magazine / journal / book title, magazine volume and page number, publisher and publishing date.

**Abstract** - a brief summary of a magazine/journal article.

**Scholarly** - articles authored by academics for a target audience that is mainly academic.

**Peer reviewed** - an article is said to be peer reviewed if it goes through an official editorial process that involves review and approval by the author's peers (people who are experts in the same subject area as the author). Most scholarly publications are peer reviewed.

**Many of our online resources are available as Apps for your mobile device, so you can take your library resources wherever you are!**
